KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards' well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

FREDICTS ANOTHER WORLD WAR IN 1926

(Correspondence of The Associated Press.)

London, April 17.—There will be another world war beginning in June 1926, according to a writer in the British Journal of Astrology. This prophet who signs himself "Sephral" asks for a serious hearing inasmuch as he claims to have published a year in advance in each case of the exact date the war of 1914 and of the cessation of hostilities.

"The first phase of the next war," he writes, "will begin with Turkey whose perfidy will lead to its final overthrow in 1921-22. This time Prussian intrigue will dominate the position in the Near East, affecting Greece, Turkey and Russia. But according to my calculations the great crisis will not be reached until June 1926."

"In this great war, which may be regarded as Prussia's counter of the war of 1914-18 the malevolent forces take their rise in Vienna and Berlin, ascend, to Petrograd, penetrate thru the whole of Russia and descend via the Black sea and Turkey in Asia, on to Syria and Palestine."

"Another allied victory is predicted by 'Sephral.'"

COTTON SEASON REPORTED LATE

Washington, April 16.—Moderate rainfall and temperatures somewhat above normal gave conditions favorable for cotton planting, germination of seed and growth of that which is up in much of the eastern portion of the belt but the season continues later than the average, according to the national weather and crop bulletin covering conditions during the week ending April 15th. From the Mississippi Valley westward, however, continued rains and cool weather further delayed farm work in many localities and the preparation of soil and planting are progressing slowly.

Planting was in progress at the close of the week as far north as Southern North Carolina and Northern Georgia but but practically no cotton had been planted in Tennessee and very little in Arkansas.

The outlook is satisfactory in Southern Texas, says the bulletin, but continued cool and wet weather was unfavorable for germination in the northern portion of that state. Planting is about three weeks late in Louisiana and the unfavorable weather conditions in Oklahoma and Arkansas further delayed preparations for this work.

Sleep Over It.

Here is a suggestion that may save you life-long remorse: When you have an important decision to make, sleep over it. I don't mean that when you meet a bear on a narrow trail you should take a nap before you decide whether to advance or retreat. You know what I mean.—Los Angeles Times.

Facing Changed Conditions.

"I'm looking for employment, sir. I'll be frank with you. I've just been released from prison." "Ahem! One of the model prisoners?" "Yes, sir." "Well, I'm willing to give you a chance, but every man we employ is expected to hustle. If you think you can get down to hard work and long hours after the life of elegant leisure you have, doubtless enjoyed in prison, I'll make a place for you."

WORSHIPFUL MASTER LELAURIN IS GIVEN HANDSOME JEWELS

Fred E. LeLaurin of the Simmons National bank, who served as worshipful master of Pine Bluff lodge No. 65, Free and Accepted Masons, was presented with a handsome gold set of master's jewels at the meeting of the lodge Tuesday evening. D. J. Mills, the senior past master of the lodge, was to have been presented with a similar set of jewels, but was unable to attend the convocation because of illness in his family. He will receive the jewels at the next gathering of the members of No. 69.

The presentation of these jewels marks the opening of a plan adopted by the lodge, as explained by the secretary, T. P. Stewart, to annually present jewels to the senior past master and the retiring master, until every past master of the lodge will have received these tokens of faithful service to Masonry in the master's station.

The presentation of the jewels to Mr. LeLaurin on behalf of the lodge was made by Chas. A. Gordon, also a past master of the lodge. Will Anderson is the present master of No. 65.

Make the Most of Pleasures.

Few young people make as much of they should of small pleasures. For many years the standards of enjoyment have been undergoing a change and there is a tendency to think that we cannot have a good time that does not cost money. A girl's education is far from complete till she has learned to enjoy herself simply and without any money expense.—Pennsylvania Grit.

No Happy Medium.

HUGHES DENIES TRACTION CO. RETAINED HIM

Washington, April 16.—Charles E. Hughes in a statement here today, denied flatly that he had been retained by New York traction interests or had received money from them, as had been asserted in testimony before the New York legislative inquiry now in progress.

"I have read the preposterous story published in the report of the Albany hearing," said Mr. Hughes, "that I had been paid \$50,000 by the traction interests to appear at the legislative hearing on the Carson-Martin bill. There is not a word of truth in it. I have not been retained by the traction interests and I have not received a dollar from them. The fact is that I was asked by the four life insurance companies, the Equitable, New York Life, Mutual and Metropolitan, which are large holders of traction bonds, to represent them at the public hearings before the legislative committee and to make an argument in support of the bill especially on the constitutional questions involved. This has been my only connection with the matter."

"I may add that I have not received a fee or rendered a bill and when I do, it will be of course simply a reasonable charge for the legal service. Aside from the public hearing I have not had any communication with any member of the legislature about the matter."

Shocks Retard Drug Action.

"Shock retards the action of drugs," says the Revue de Medecine. "Frogs in a state of shock from a blow on the head or an electric shock did not respond to the effect of a poison until after a period of eight or ten times longer than under normal circumstances, even when strychnine, for example, was injected by the vein."

Simple Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.
